Denise --

I will up in Alaska involved in some Alaska Native Village consultations on one of our oil and gas general permits, so I will miss this briefing for you. There are plenty of folks who can provide the content coverage for you, so you should get a pretty full picture. You'll certainly hear that the EPA-Tribe-State dynamic here is a challenging and interesting one, and it is the element in which I am investing a fair bit of my personal focus. Though opportunities to connect will be limited between the briefing and our upcoming meeting with the Tribe and State, please let me know if you think you and I need some one-on-one follow-up. Thx, DanO.

Where: DCRoomWest6300D/DC-CCW-OW-WEST

DRAFT-DELIBERATIVE* ATTORNEY-CLIENT PRIVILEGE

Objective:

Provide informational briefing to Denise about the issues and potential options associated with the Pend Oreille TMDL for temperature (e.g., approvability of the state-developed Pend Oreille TMDL for temperature). A face-to-face with EPA, the Kalispel Tribe, and State of WA is being planned for August 28 in Region 10.
